I'm ONE in a million

art classes

We are celebrating!

Abrakadoodle has reached more than one million kids worldwide through award-winning school programs, camps, parties, events, and classes! Everything we do is about exploring the artist in each and every kid. From name sculptures, to silhouettes and funky self-portraits, it's all about those special creative kids - each of whom is one in a million!

We celebrate each one of our special kids by:

- Focusing on unique characteristics
- Learning various ways to create self-portraits
- Learning elements of architecture, design, and composition
- Studying fonts, creating silhouettes, and building sculptures

While creating one-in-a-million masterpieces!
