Requirements for Fireworks Stands in the City of Springdale

With the adoption of the 2012 International Fire Code and 2012 Arkansas Fire Prevention Code, some of the requirements may have been changed from previous years.

Fireworks which are not prohibited under law (Ark. Code Ann. § 20-22-701, et seq.) and which are considered consumer fireworks as defined under federal law (27 C.F.R. § 555.11) may be sold in the city between June 28th and July 5th of any year, subject to the provisions set out herein.

No person under the age of 16 shall be allowed to purchase fireworks within the city.

Permit Required:

Any person desiring to sell fireworks within the city must obtain a permit through the city clerk's office. The charge for each permit shall be \$500.00 per location. Before a permit to sell fireworks is issued by the city clerk, the person applying for the permit must show proof that such location will be insured by a licensed insurance company for \$1,000,000.00 premises liability. A vendor must contact the Springdale Fire Department and arrange for an inspection by the fire marshal to ensure compliance with city ordinance and fire code requirements prior to the sale of fireworks. All locations where fireworks are sold must comply with all Arkansas and federal law, as well as the 2012 International Fire Code and the 2012 Arkansas Fire Prevention Code, as adopted by the city.

Bottle Rockets:

All locations where fireworks are sold within the city shall post a sign, visible to the public, which states, "**The discharge of bottle rockets or fireworks that travel on a stick are prohibited in the City of Springdale.**"

Sky Lanterns:

The sale and the use of sky lanterns are prohibited in the City of Springdale.

Structures (tents):

No fireworks shall be sold or stored within a permanent structure of the city.

Tents or canopies and their appurtenances shall be adequately roped, braced and anchored to withstand the elements of weather and prevent against collapsing. Documentation of structural stability shall be furnished to the fire code official on request.

Tents or canopies shall be composed of material meeting the flame propagation performance criteria of NFPA 701 or shall be treated with a flame retardant in an approved manner and meet the flame propagation performance criteria of NFPA 701. Tents or canopies shall have a permanently affixed label bearing the identification of size, and fabric or material type.

Location:

No fireworks stand shall be located anywhere within the city, except in a C-2, C-5, C-6 or A-1 zone provided the A-1 property has frontage on a federal or state highway.

Tents or canopies shall not be located within 20 feet of lot lines, buildings, other tents, canopies or membrane structures, parked vehicles or internal combustion engines.

Tents or canopies shall not be located within 250 feet of a fuel dispensing facility.

No fireworks stand shall be located within and all fireworks stands must have at least 50 foot setback from the street or highway. Measurement shall be from the back of curb or edge of pavement where no curb is present.

For the purpose of determining required distances, support ropes and guy wires shall be considered as part of the tent or canopy. Lot lines shall be either the inside edge of any fence or as determined by the inspector.

An unobstructed fire break passageway or fire road not less than 12 feet wide and free from guy ropes or other obstructions shall be maintained on all sides of all tents, canopies and membrane structures unless otherwise approved by the fire code official.

Means of Egress:

Exits shall be spaced at approximately equal intervals around the perimeter of the tent or canopy, and shall be located such that all points are 100 feet or less from an exit.

Tents or canopies shall have at least two (2) exits.

Exit signs are required over each exit.

The width of each exit shall not be less than 72 inches.

The required width of exits, aisles and passageways shall be maintained at all times to a public way. Guy wires, guy ropes and other support members shall not cross a means of

egress at a height of less than 8 feet. The surface of means of egress shall be maintained in an approved manner.

Combustible materials:

The areas within and adjacent to the tent shall be maintained clear of all combustible materials or vegetation that could create a fire hazard within 30 feet of the structure. Combustible trash shall be removed at least once a day from the structure during the period the structure is occupied by the public.

Smoking:

Smoking shall not be permitted in tents or canopies. Approved "No Smoking" signs shall be conspicuously posted at each entrance.

Fireworks discharge:

Fireworks shall not be ignited, discharged, or otherwise used within 300 ft.

Open or exposed flame:

Open flame or other devices emitting flame, fire or heat or any flammable or combustible liquids, gas, charcoal or other cooking device or any other unapproved devices shall not be permitted inside or located within 20 feet of the tent or canopy.

Fire Extinguishers:

Every fireworks stand shall have no fewer than two portable fire extinguishers with a minimum rating of 2A, at least one of which shall be of the pressurized water type. Tents or canopies exceeding 4000 square feet will be required to have additional fire extinguishers. Fire extinguishers shall be located so as no more than 75 feet must be traveled from any location in the tent or canopy to reach a fire extinguisher. Fire extinguishers shall be located in conspicuous locations where they will be readily accessible and immediately available for use. These locations shall be along normal paths of travel. Fire extinguishers shall not be obstructed or obscured from view. Fire extinguishers shall be installed on the hangers or brackets supplied. Hangers or brackets shall be securely anchored to the mounting surface. Fire extinguishers shall be installed so that it's top is not more than 4 feet above the floor.

Clearance:

There shall be a minimum clearance of at least 3 feet between the fabric envelope and all contents located inside the tent or membrane structure.

Flammable and combustible liquids:

Flammable-liquid-fueled equipment shall not be used in tents or canopies.

Flammable and combustible liquids shall be stored outside in an approved manner not less than 50 feet from tents or canopies.

Refueling shall be performed in an approved location not less than 20 feet from Tents or canopies.

Generators and other internal combustion power sources shall be separated from Tents or canopies by a minimum of 20 feet and shall be isolated from contact with the public by fencing, enclosure or other approved means.

ORDINANCE NO. 3339

AN ORDINANCE AMENDING SECTION 46-56, "FIREWORKS" IN THE CODE OF ORDINANCES FOR THE CITY OF SPRINGDALE, ARKANSAS, TO ALLOW FOR THE SALE OF CERTAIN FIREWORKS UNDER CERTAIN CONDITIONS IN THE CITY OF SPRINGDALE, ARKANSAS; AND FOR OTHER PURPOSES.

WHEREAS, the City Council for the City of Springdale, Arkansas, finds that since fireworks are permitted to be discharged within the City, under certain circumstances, fireworks should also be allowed to be sold within the City of Springdale, Arkansas;

NOW THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL FOR THE CITY OF SPRINGDALE, ARKANSAS:

Section 1. Section 46-56 of the Code of Ordinances of the City of Springdale is hereby amended to read as follows:

Sec. 46-56. Fireworks.

(a) (1) No person shall sell or distribute in the City of Springdale, Arkansas, any firecrackers, sky rockets, bottle rockets, sparklers, roman candles, or any other explosive used for amusement purposes, or any other device or composition used to obtain visible or audible pyrotechnic display, except as specifically set out herein.

(a) (2) Fireworks which are not prohibited under law (Ark. Code Ann. §20-22-701, et. seq.) and which are considered consumer fireworks as defined under federal law (27 C.F.R. §555.11) may be sold in the City of Springdale, Arkansas, between June 28th and July 5th of any year, subject to the provisions set out herein. Any person desiring to sell fireworks within the City of Springdale must obtain a permit through the City Clerk's Office. The charge for each permit shall be \$500.00 per location. One-half of the permit fee (\$250.00) shall be placed in the revenue account of the Springdale Fire Department to cover the cost of fire inspections of locations where fireworks are sold. Before a permit to sell fireworks is issued by the City Clerk, the person applying for the permit must show proof that such location will be insured by a licensed insurance company for One Million Dollars premises liability.

(a) (3) No fireworks shall be sold or stored within a permanent structure of the City of Springdale. Further, no fireworks stand shall be located anywhere within the City of Springdale, except in a C-2 zone. All locations where fireworks are sold must comply with all Arkansas and federal law, as well as the 2000 International Fire Code

and the 2002 Arkansas Fire Prevention Code, as adopted by the City of Springdale, Arkansas.

(a) (4) No person selling fireworks within the City of Springdale shall be allowed to sell any fireworks which travels on a stick, as these particular fireworks are prohibited to be discharged within the City of Springdale.

(a) (5) No fireworks stand shall be located within 250 feet of a fuel dispensing facility and all fireworks stands must have at least 50 foot setback from the street or highway.

(a) (6) No person under the age of 16 shall be allowed to purchase fireworks within the City of Springdale, Arkansas.

(a) (7) All locations where fireworks are sold within the City of Springdale shall post a sign, visible to the public, which states, "The discharge of bottle rockets or fireworks that travel on a stick are prohibited in the City of Springdale."

(b) (1) No person shall ~~possess or~~ discharge at any place, public or private, within the city boundaries of Springdale, Arkansas, any aerial firework(s) which travels on a stick, except a permit may be obtained for a public display of fireworks, as more particularly set out in this ordinance.

(b) (2) The fire chief shall permit the use of fireworks for a public display when all provisions of ~~NFPA~~ NFPA 1123 are met and after all necessary permits have been issued. If any such permit is issued, any such display shall be handled by a competent operator approved by the fire chief, and shall be of such character and so located, discharged or fired so as not to be hazardous to property or endanger any person. No such permit shall be authorized except between the hours of 8:00 a.m. and 11:00 p.m. on July 1st through July 4th of any year.

(c) No fireworks, including firecrackers, sparklers, or roman candles may be discharged within the City of Springdale, Arkansas, except as set out as follows:

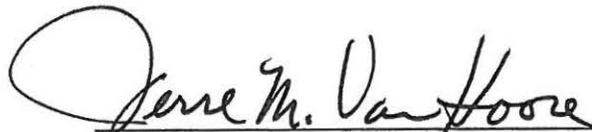

(c) (1) All legal fireworks, except aerial fireworks that travel on a stick, may be discharged on private property between the hours of 8:00 a.m. and 10:00 p.m. on July 1st through July 4th of any year, provided that the owner of the private property consents to such discharge of the fireworks; and

(c) (2) A person of at least 21 years of age shall supervise the discharge of any fireworks if any person participating in the activity is under the age of 16.

Section 2. In no other respects is the ordinance amended, except as specifically set out herein.

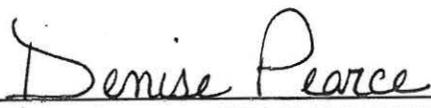

Section 3. Except for the provisions related to the \$500.00 permit fee and the fire inspection required, nothing else in this ordinance shall apply to the fireworks stand located at Highway 412 West and Jones Road, for the remaining years in which they were grandfathered under Ordinance No. 3213, which means the other provisions of this ordinance shall not apply to this location during the years 2003 and 2004.
