

Annual Report On Drunk Driving In Springdale, Arkansas For the Year 2010

Prepared by:
Jeff C. Harper
Springdale City Attorney
December 1, 2011

INTRODUCTION

This is the 12th Annual Report on Drunk Driving which has been published by our office. Drunk driving continues to be a problem in Springdale, as it does throughout the United States. Every year in the United States, people die in drunk driving crashes and many people are injured.

The bad news for 2010 was Springdale had one fatality drunk driving crash, with one person killed in the crash. Fourteen persons have been killed in Springdale in the last ten years in DWI crashes.

The good news for Springdale in 2010 was that the number of DWI crashes was at the lowest point it has been in the last ten years. There were 102 DWI crashes in Springdale in 2010, which is down by almost 20% from 2009. The number of persons injured in DWI crashes is also at its lowest point in the last ten years. In 2010, Springdale had 43 total people injured in DWI crashes, which is down almost 22% from 2009. The previous lowest total of persons injured in DWI crashes in the last ten years was 51 persons injured in 2005. Also, DWI crashes made up 4.3% of the total accidents in 2010, which is also at its lowest point in the last ten years.

There is also good news in the total amount of DUI arrests (persons under 21 who checked .02 to .07 percent). There were 12 persons arrested for DUI in Springdale in 2010, which is down over 33% from 2009, and it is the lowest total number of DUI arrests in the last five years.

I. General Summary of Arrests

A. Law Enforcement Agency Making Arrest.

In the year 2010, there were 691 total arrests for violation of the Arkansas Omnibus DWI Act in Springdale, Arkansas. Of this total, 616 arrests were made by the Springdale Police Department, 69 arrests were made by the Arkansas State Police, and 6 arrests were made by the Washington County Sheriff's Office.

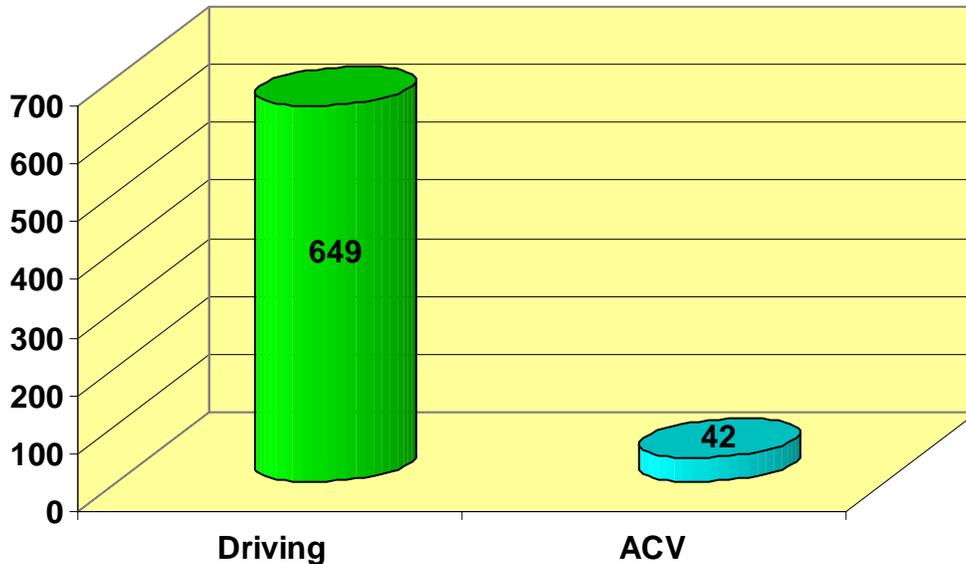

**Diagram 1
DWI Arrests by Agency**

B. Driving the Vehicle Compared to Actual Control (ACV)

Of the 691 total arrests for violating the Arkansas Omnibus DWI Act, 649 persons were charged with actually driving the vehicle, while the remaining 42 arrests involved persons who were not driving, but were in actual physical control of the motor vehicle while intoxicated (ACV). The percentage of people charged with ACV represents approximately 6% of the total arrests for violating the Omnibus DWI Act.

Diagram 2
DWI (Driving) v. ACV (Actual Physical Control)

C. County of Arrest

Springdale is located in two counties, with approximately 91.3% of the population living in Washington County and 8.7% living in Benton County. Of the 691 DWI arrests made in Springdale, 674 (approximately 97.5%) occurred in Washington County, while 17 arrests (approximately 2.5%) occurred in Benton County.

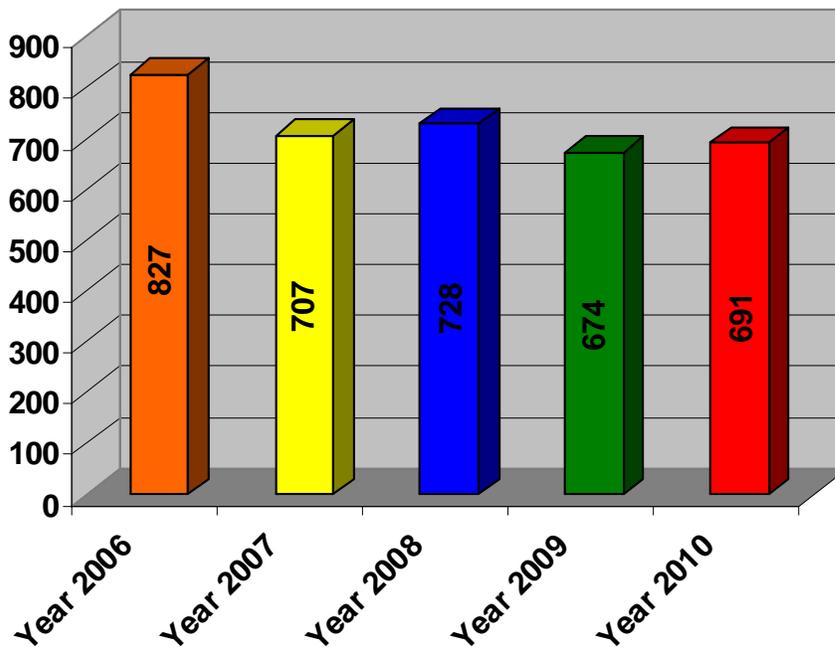

D. DWI Alcohol Compared to DWI Drugs.

Of the 691 total arrests, 33 persons were charged with DWI/ACV (drugs) rather than DWI/ACV (alcohol). Those persons charged with DWI/ACV (drugs) made up approximately 4.8% of the total DWI arrests in 2010.

E. Comparison of Totals For the Past Five Years.

The diagram below is a breakdown of the total number of DWI arrests made within the City of Springdale from year 2006 through the year 2010.

**Diagram 3
DWI Arrests**

F. Average Age of Persons Arrested for DWI

The average age of persons arrested for DWI in Springdale in 2010 was 30.92 (last year's average age was 32.26).

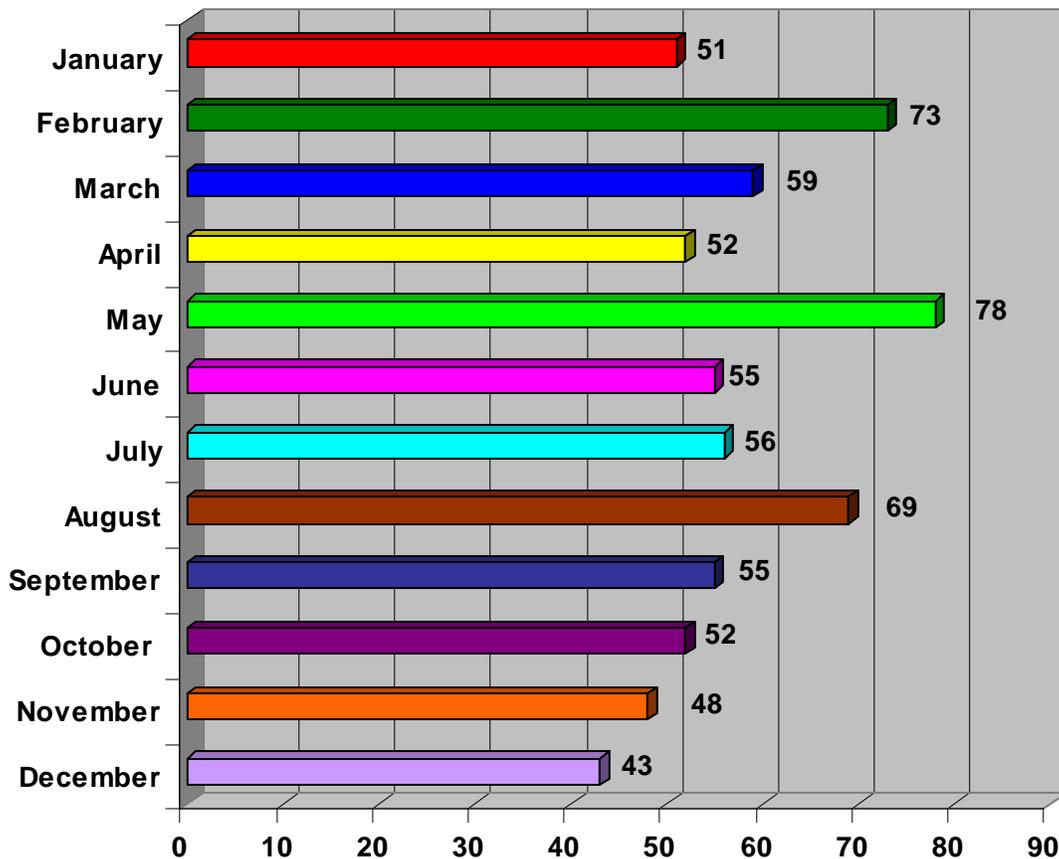

G. Average BAC of Persons Arrested for DWI

Of the 396 total tests on record for blood alcohol concentration (BAC) given to persons arrested for violating the Omnibus DWI Act in the year 2010, the average BAC was .1526%. This is down from .1576% in 2009.

H. Month of Arrest

The following chart sets out the 2010 DWI arrests in Springdale by the month of the arrest.

Diagram 4
DWI Monthly Arrests for 2010

I. Location of Arrests

Approximately 58% of the DWI arrests that did not involve accidents occurred on highways within the City of Springdale. The Chart below sets

out the number of DWI arrests which do not involve accidents that occurred on the highways within the City of Springdale, Arkansas in 2010.

Chart No. 1 Location of DWI Arrests (Non-Accidents) Which Occurred on Highways in the City of Springdale, Arkansas In the Year 2010	
<u>Highway</u>	<u>No. of Arrests</u>
South Thompson (Hwy. 71 S)	91
West Sunset (Hwy. 412 W)	71
East Robinson (Hwy. 412 E)	60
I-540	47
N. Thompson (Hwy. 71 N)	44
Hwy. 265	27
Hwy. 264	4

The next chart sets out the locations in which a DWI (non-accident) arrest was made for all other locations which had at least 9 DWI arrests within the City of Springdale, Arkansas in 2010.

**Chart No. 2
Location of DWI Arrests (Non-Accidents) Which Occurred
on City Streets in the City of Springdale, Arkansas
In the Year 2010**

City Street	No. of Arrests
Huntsville/Elm Springs Road	32
Turner Street	12
Emma Avenue	11
Butterfield Coach	11
South Pleasant	10
Powell Street	9

J. Reason for Stop

An analysis of over 50% of the DWI arrests that did not involve accidents was made to determine the reason the person was stopped. The chart on the following page sets out in percentages the initial reason why the violator was stopped by the police.

**Chart No. 3
Reasons Police Stopped DWI Offender
In the Year 2010**

Reason	Percentage
Offender committed a moving traffic violation	52%
Police officer dispatched/flagged down by witness concerning the vehicle which was later stopped	34%
Officer stopped vehicle for suspicion of criminal activity or to make lawful contact with the driver (non-traffic offense)	8%
Officer stopped vehicle for vehicle defect or license violation (such as a tag violation or no lighting)	6%

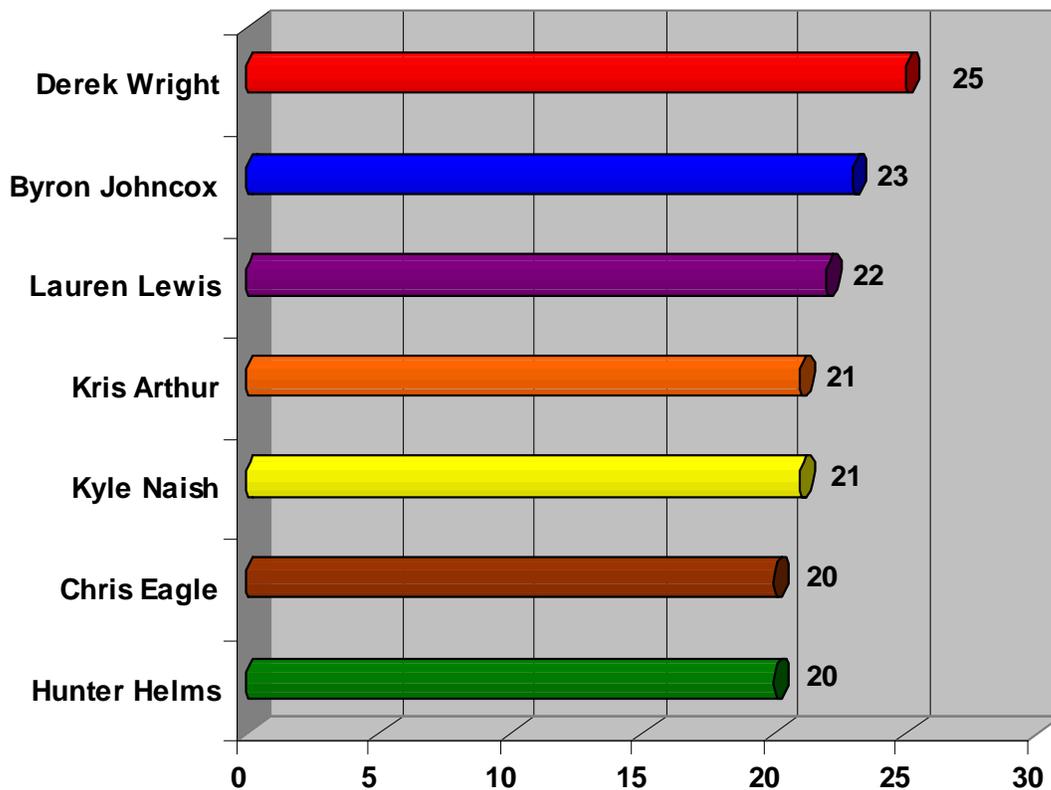

Since cell phone usage has become common, the number of citizen reports to the police concerning persons believed to be driving while intoxicated have increased. As the chart above shows, 34% of the DWI violators that were stopped by the police (not including accidents) were stopped when police answered a call from a citizen concerning the person in the vehicle that was stopped. Most of these cases involved a person calling the Police Department on their cell phone to report the bad driving.

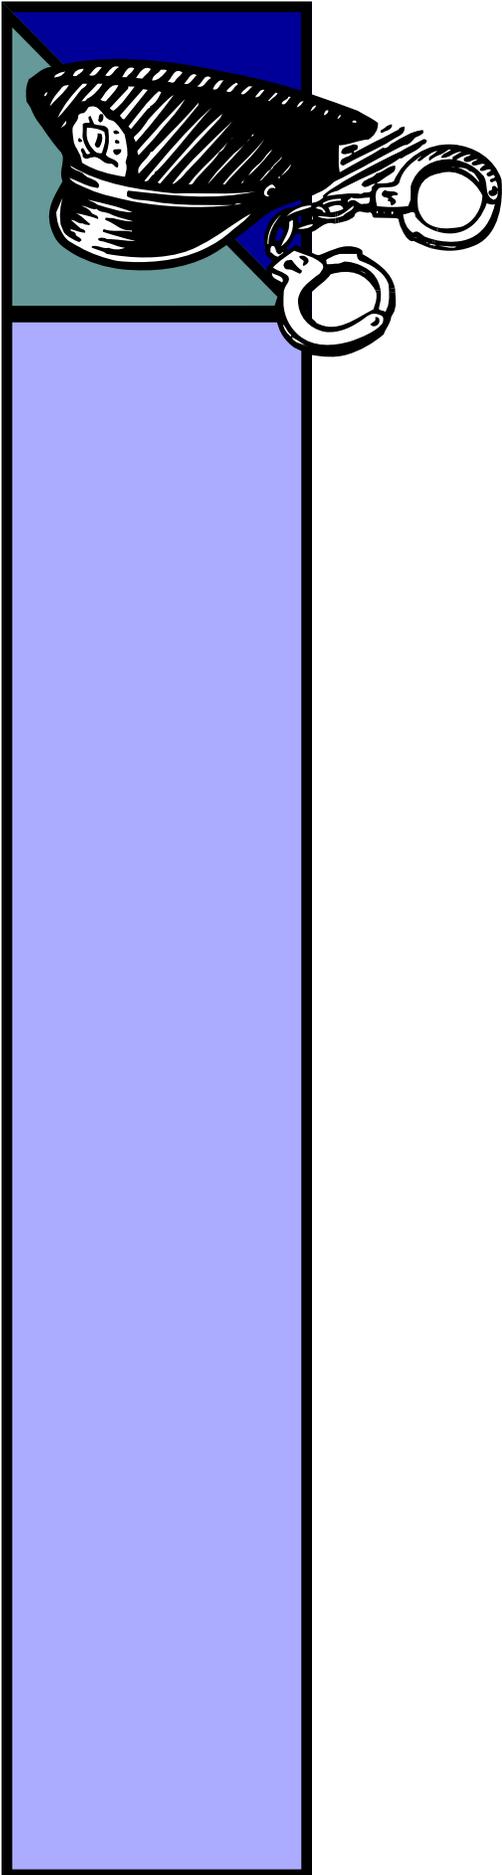

Of the cases involving an officer observing the driver commit a moving traffic violation, the number one violation that was committed which led to the stop was driving the vehicle left of center.

K. Special Recognition

In 2010, seven Springdale Police Officers made 20 DWI arrests or more. Officer Derek Wright made the most with 25 DWI arrests. The seven officers who made at least 20 DWI arrests in 2010 are listed below.

Diagram 5
SPD Officers Who Made 20 or More
DWI Arrests in 2010

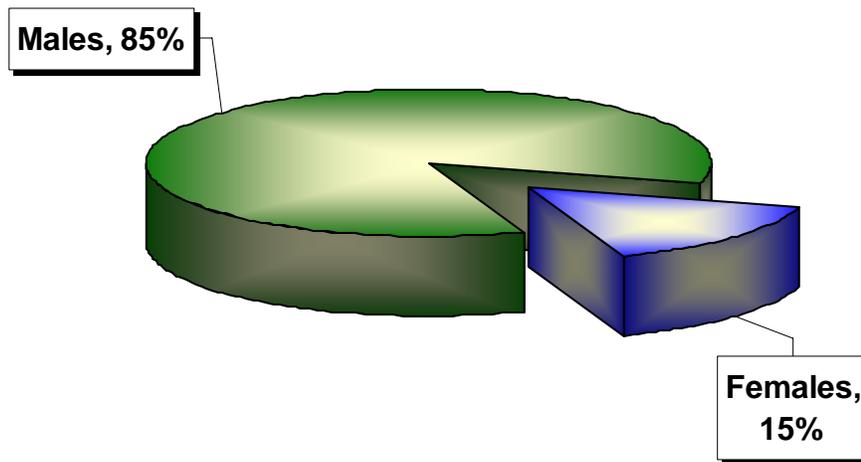

II. Information on Offenders

A. Gender

Of the 691 DWI arrests made in 2010, 585 (approximately 85%) were males and 106 (approximately 15%) were females.

**Diagram 6
Total DWI Arrests in 2010 by Gender**

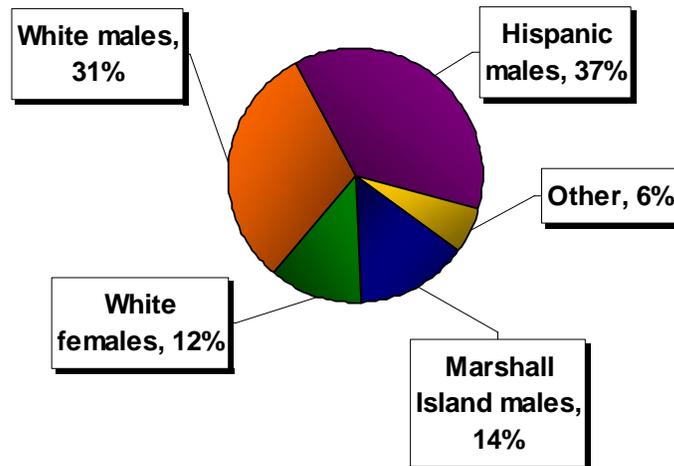

B. Race and Gender

The breakdown by race/gender of the 691 DWI arrests made in Springdale in 2010 is set out in Chart 4 on the following page. Following Chart 4 is Diagram 7, which sets out the race/gender percentage of persons arrested for DWI in 2010, and Chart 5, which shows the race/gender breakdown based on the percentage of overall DWI arrests and compares the 2010 percentages with years 2006, 2007, 2008 and 2009. The year 2010 represents the sixth year in a row in which the percentage of Hispanic males arrested actually went down from the previous year.

**Chart No. 4
Breakdown of DWI Arrests by Race/Gender
For Year 2010**

Race/Gender	Total No. of Arrests
Hispanic males	254
White males	214
Marshall Island males	100
White females	85
Black males	14
Hispanic females	11
Marshall Island females	7
Asian/Pacific Islander males (not including Marshall Islanders)	3
Asian/Pacific Islander females (not including Marshall Islanders)	2
American Indian female	1

Total	100%	100%	100%	100%	100%

C. Arrest by Race/Gender (DWI Versus All Arrests)

The diagram below sets out by race and gender the percentages of persons arrested for DWI compared to all arrests in Springdale in 2010.

**Diagram 8
Comparison of Arrests by Race/Gender
Made in 2010**

D. Age, Race and Gender

Chart 6 sets out the average age of the four highest race/gender groups represented in DWI arrests for years 2006 through 2010.

	<u>Average Age</u>				
	2006	2007	2008	2009	2010
White males	34.30	35.40	36.51	35.36	36.34
Hispanic males	29.96	28.90	30.88	29.70	30.86
White females	34.22	35.61	34.2	35.53	36.2
Marshall Island Males	28.74	26.84	29.53	30.30	29.48

E. How Much They Drank

The next chart compares the average BAC levels of the four top race/gender groups from 2006 through 2010.

**Chart No. 7
Comparison of Average BAC Levels
in the Four Largest Race/Gender Groups
in 2006 Through 2010**

	2006	2007	2008	2009	2010
White males	.1568%	.1562%	.1598%	.1580%	.1533%
Hispanic males	.1622%	.1587%	.1648%	.1567%	.1539%
White females	.1423%	.1521%	.1595%	.1471%	.1519%
Marshall Island Males	.1645%	.1480%	.1625%	.1621%	.1555%

F. Implied Consent

A total of 190 persons out of 691 refused to take a test to measure their blood alcohol content when they were requested to do so by law enforcement officers. This represents approximately 27.5% of the total persons arrested.

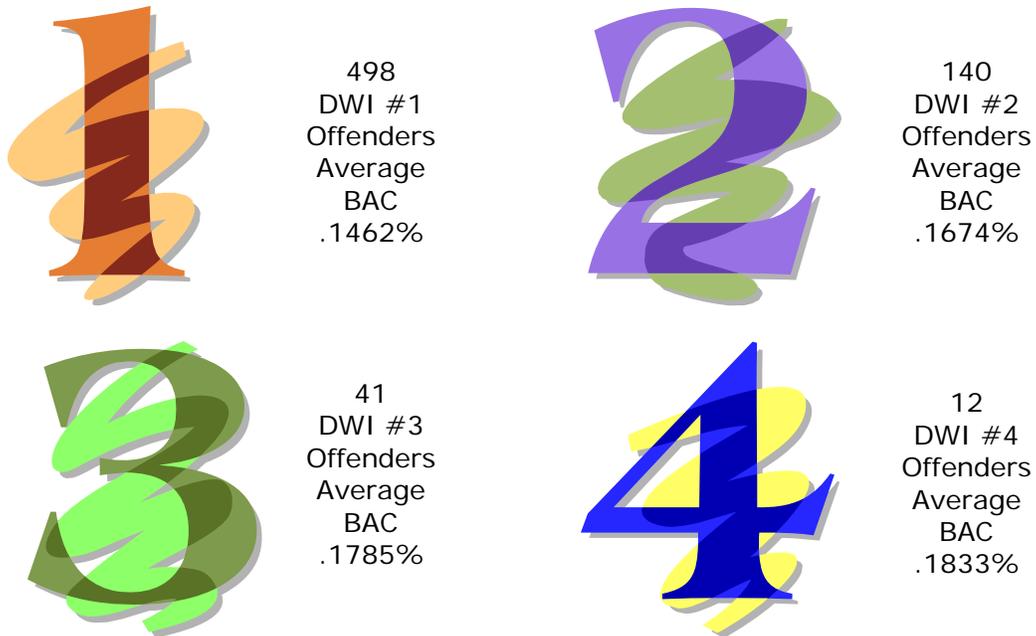

G. Repeat Offenders

1. Comparison of BAC Levels of First Time Offenders With Repeat Offenders

As in each year of the last ten years, repeat offenders had a higher average blood alcohol concentration (BAC) than first time offenders. The average BAC for first time offenders in 2010 was .1462%, while the average BAC for repeat offenders was .1711%.

The following diagram shows the total number of offenders in 2010 for each offense category, as well as the average BAC levels by each offense category (DWI #1, DWI #2, DWI #3, and DWI #4). There was no one charged with DWI #5 in 2010. Repeat offenders made up approximately 28% of the total, while first time offenders made up approximately 72% of the total DWI arrests.

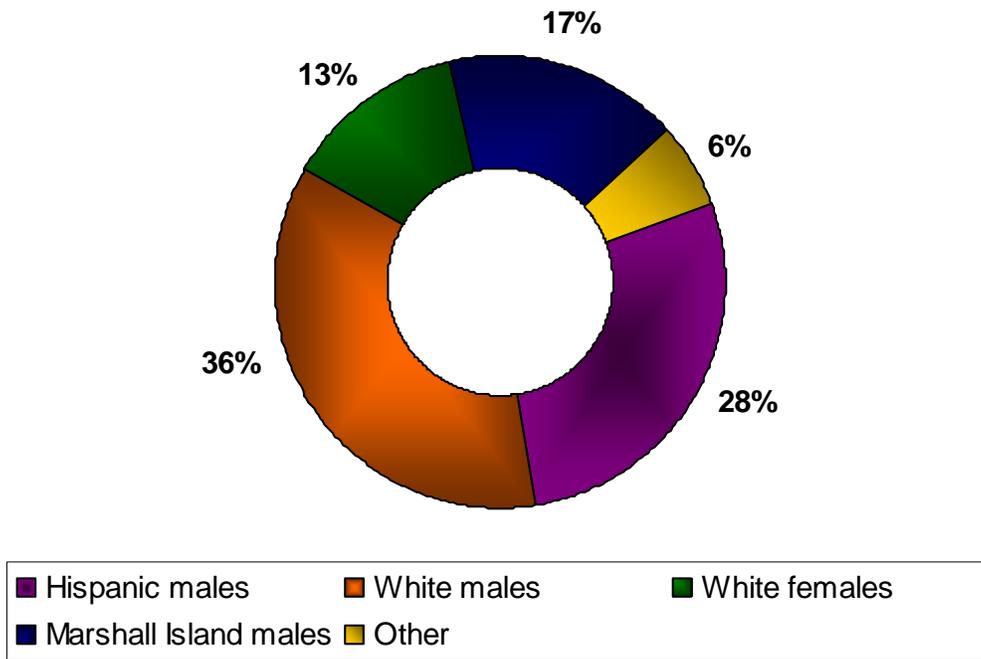

Diagram 9

2. Race/Gender of Repeat Offenders

The next diagram sets out the race/gender of those offenders who were repeat offenders (DWI #2, DWI #3, and #4).

Diagram 10
2010 DWI Repeat Offenders by Race/Gender

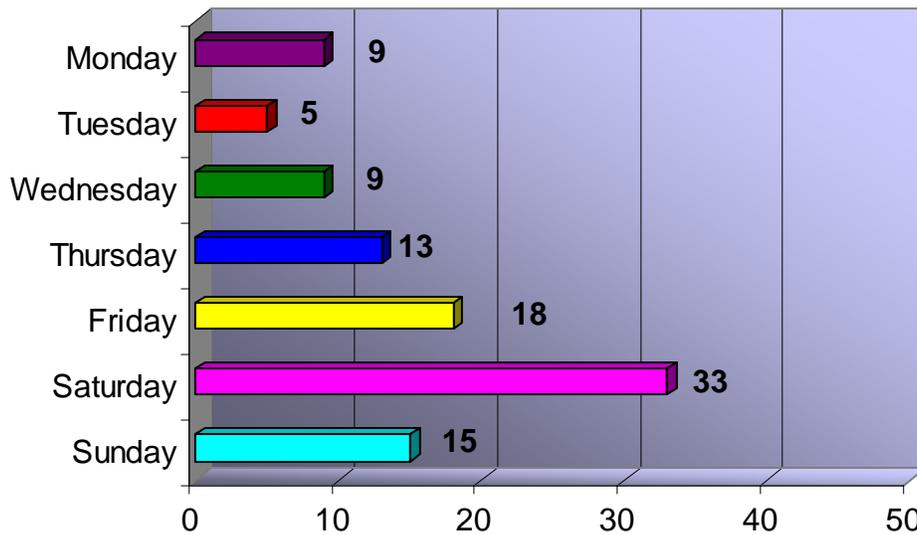

III. DWI Crashes

There were a total of 102 DWI related traffic crashes that occurred in Springdale during 2010. This is down almost 20% from the 127 DWI related traffic crashes that occurred in 2009.

A. By Day of Week

The diagram below sets out the day of week in which DWI crashes occurred.

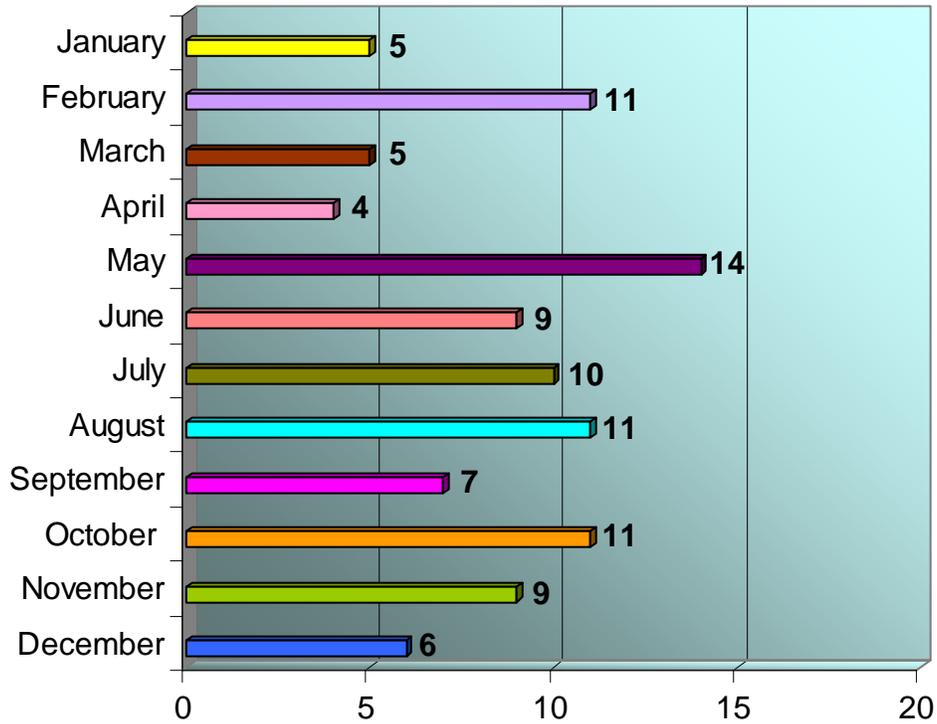

**Diagram 11
Day of the Week DWI Crashes
Occurred in 2010**

B. By Month

The following diagram is a breakdown of DWI related crashes which occurred in Springdale during 2010, by the month in which the collision occurred.

Diagram 12
Breakdown of DWI Related Crashes by the
Month They Occurred
Total 102

C. DWI Collisions By Time/Day

1. Time

The time of day in which most DWI crashes occurred was between 1:00 a.m. – 1:59 a.m., which accounted for 11 total DWI crashes. The following three times tied for second with seven 7 DWI crashes: 2:00 a.m. – 2:59 a.m., 4:00 p.m. – 4:59 p.m. and 11:00 p.m. – 11:59 p.m.

2. Day/Time

The chart below reflects the two highest days and times for DWI crashes in the year 2010.

<u>Day</u>	<u>Time</u>	<u>No. of Crashes</u>
Saturday	1:00 a.m. – 1:59 a.m.	4
Sunday	1:00 a.m. – 1:59 a.m.	4

D. By Type of Motor Vehicle Collision

Springdale had a total of 2,388 traffic accidents in 2010, which was down from the 2,459 traffic accidents in 2009 (total number of accidents were down 2.9%). The total of 2,388 includes all traffic accidents, even those that occurred on private property (1,722 occurred on public roadways and 666 occurred on private property). Of these 2,388 accidents, 102 (91 on public roadways and 11 on private property) involved DWI related crashes, which is approximately 4.3% of the total amount of accidents.

Diagram 13

4.3% of the total accidents, which occurred in the City of Springdale, were DWI related.

E. Fatality Crashes

Springdale had three fatality crashes in 2010, with three people killed in the fatality crashes (one person was killed in each fatality crash). One of Springdale's 2010 fatality crashes involved a drunk driver, which means one-third of the total amount of fatality crashes that occurred in Springdale during 2010 involved a DWI driver.

F. Personal Injury Crashes

Springdale had a total of 30 personal injury crashes involving DWI drivers in 2010. This is down from 35 personal injury crashes in 2009. A total of 43 people were injured in the 30 personal injury crashes in 2010. The number of people injured was down from 56 persons injured in 2009, a decrease of persons injured by approximately 23%.

G. Property Damage Crashes

There were a total of 71 property damage crashes in Springdale in 2010, which involved a DWI driver. In 2009, there were 92 property damage crashes involving DWI drivers.

H. Comparison of DWI Crashes in the Last Five Years

The chart below sets out the number of DWI crashes by type of crash for the past five years.

<u>Type of Crash</u>	<u>No. of Crashes</u>				
	2006	2007	2008	2009	2010
Fatality	2	2	3	0	1
Personal Injury	47	35	37	35	30
Property Damage	<u>102</u>	<u>100</u>	<u>88</u>	<u>92</u>	<u>71</u>
Totals	151	137	128	127	102

The chart that follows sets out the total of DWI crashes and their increase or decrease for the past five years.

Chart No. 10
Comparison of DWI Crashes in Past Five Years

<u>Year</u>	<u>No. of Crashes</u>	<u>Percentage Increase (+) or Decrease (-) From Previous Year</u>
2006	151	+17%
2007	137	-9.27%
2008	128	-6.57%
2009	127	-.75%
2010	102	-19.68%

I. Leaving the Scene of an Accident

Thirty-five drunk drivers, which represents approximately 34% of the total amount of drunk drivers involved in DWI crashes, left the scene of the crash in violation of Arkansas law. In 2009, 30% of the total drunk drivers involved in DWI crashes left the scene.

J. Race/Gender of DWI Offenders in Crashes

The chart on the next page sets out the total number of persons arrested for DWI who were involved in DWI crashes in 2010 by race/gender, with the percentage this race/gender group makes up of the total.

Chart No. 11
Total Number and Percentage by Race/Gender of Persons Who
Were DWI and Involved in Crashes in 2010

Race/Gender	Total No. Involved in DWI Crashes	Percentage of Total Arrested
White males	34	33%
Marshall Island males	23	22.5%
Hispanic males	22	21.5%
White females	17	17%
Other	<u>6</u>	<u>6%</u>
Total	102	100%

K. DWI Crashes by Offense Number

The chart on the next page sets out the number of DWI drivers involved in crashes by the DWI offense number, as well as the percentage that each offense number represents of the total.

**Chart No. 12
2010 DWI Crashes by Offense**

<u>Offense No.</u>	<u>Total</u>	<u>Percentage</u>
#1	69	67.5%
#2	27	26.5%
#3	6	6%
#4	<u>0</u>	<u>0%</u>
Total	102	100%

L. Underage Drivers in DWI Crashes

There were a total of 10 underage DWI drivers in DWI crashes in Springdale, Arkansas in 2010. This means that in approximately 10% of the DWI crashes in Springdale in 2010, an underage DWI driver was involved.

M. Location of DWI crashes

A total of 37 out of the 102 DWI crashes occurred on a State or U.S. Highway. This represents approximately 36% of the total DWI crashes. The chart on the following page sets out the 37 DWI highway crashes by where they occurred.

**Chart No. 13
State or U.S. Highway Where DWI Crashes
Occurred in 2010**

<u>Location of Crash</u>	<u>No. of Crashes</u>
South Thompson	10
West Sunset (west of South Thompson)	9
North Thompson (north of Emma Avenue)	6
East Robinson (Hwy. 412 East)	5
Hwy. 265 (Old Missouri Road)	5
I-540	1
Hwy. 264	1
Total	37

The DWI crashes that occurred on city streets occurred throughout the City of Springdale. The highest locations were Huntsville/Elm Springs Road with eight, and Emma Avenue, Randall Wobbe, Butterfield Coach Road, Powell Street, and Backus Street, all with three crashes.

N. Estimate of Property Damage of DWI Crashes in 2010

Based on an analysis of 87 DWI crashes in which property damage was estimated on the report, each DWI crash costs approximately \$6,315.00 in property damage. With this average per accident (\$6,315.00), it is estimated that DWI crashes cost \$644,130.00 in property damages in Springdale, Arkansas in 2010.

0. Other Offenses Committed by Persons Arrested in DWI Crashes

1. Driver's License Violations

Eighteen persons arrested for DWI who were involved in motor vehicle crashes had a suspended or revoked driver's license at the time of the crash. Twenty-one persons arrested for DWI who were involved in crashes did not have a driver's license at all. Taken together, there is approximately a 38% chance that a DWI driver involved in a crash in Springdale, Arkansas either had a suspended driver's license or no driver's license.

2. No Insurance

Twenty-eight persons arrested for DWI who had crashes did not have motor vehicle insurance. This is approximately 27% of the drunk drivers involved in crashes in Springdale in 2010.

3. No Seatbelt

No drunk drivers involved in a crash in 2010 were charged with not having a seatbelt on.

**IV.
Prosecution
of
DWI Offenders
(Disposition)**

A. Handling of DWI Cases by Prosecution Agency

The Springdale City Attorney's Office prosecutes all DWI cases that occur in Springdale, unless they are sent to the County Prosecutor's Office as a felony or with a related felony. In 2010, 27 cases were handled by the Washington County Prosecutor's Office and one case was handled by the Benton County Prosecutor's Office (28 total). The remaining 663 cases were handled by the City of Springdale.

B. Conviction Rate on Cases Adjudicated

Of the 663 DWI arrests made in 2010 that were handled as misdemeanors by the City of Springdale, 605 have been adjudicated as of the date of this publication. Of the 605 adjudicated cases, 591 persons have been convicted of DWI, for a conviction rate on the cases adjudicated of 97.68%. Chart No. 14 sets out the dispositions of the cases handled by the City of Springdale, and Chart No. 15 sets out the dispositions on all cases, including felonies and those DWI cases that were sent to the county prosecutor's office with related felonies. These charts are updated on the City Attorney's web site (www.springdalear.gov/cosa) as cases are adjudicated.

Chart No. 14
2010 Dispositions on DWI Cases Handled by City of Springdale
(as of 12/1/11)

Total Arrested	691
Total Handled by City of Springdale	663
Total Failure to Appear on Springdale Cases	53
Total No. Cases Ending in Finding of Guilty	591
Total No. Cases Ending in Finding of Not Guilty	14
Person Who Died Before Case Adjudicated	1
Cases Still Pending (awaiting trial date)	4
Total Convicted by Total No. Arrested (591/663)	89.14%
Conviction Rate on Cases Adjudicated (591/605)	97.68%

The next chart shows dispositions on all cases of DWI related arrests made in the City of Springdale (including felonies and those misdemeanors that were sent with a related felony to the County Prosecutor's Office).

Chart No. 15
2010 Dispositions on DWI Cases Handled by
City of Springdale and County Prosecutor's Office
(as of 12/1/11)

Total Arrested	691
Total Handled by City of Springdale	663
Total Handled by County Prosecutor's Office	28

v.
**Underage
Drinking
and
Driving**

A. DUI

Arkansas has attempted to curtail underage drinking/driving by passing what is sometimes called a “zero tolerance” law, which means if you are under 21 years of age, it is unlawful under the Arkansas DUI law to drive with a BAC level of .02% to .07%.

If convicted of DUI #1, the defendant will receive a minimum \$100 fine, be required to perform public service, and be required to have an alcohol assessment, and their driver’s license will also be suspended by the State.

1. Total DUI Arrests

In the year 2010, there were 12 total arrests for DUI in Springdale, Arkansas. This is down from 18 total DUI arrests in 2009, a decrease of 33.33%. The next chart sets out the number of DUI arrests made in Springdale from years 2006 through 2010.

Year	No. of DUI's
2006	31
2007	26
2008	20
2009	18
2010	12

2. DUI Accidents

There was one crash involving a DUI driver in 2010.

B. Underage DWI

Underage DWI means although the person was under 21 years of age, their BAC level was .08% or greater, the police officer who arrested them believed their BAC level was .08% or greater and they did not take a test to measure their BAC, or they were arrested for DWI/Drugs. Springdale had 39 underage DWI arrests in 2010, which is down from 55 in 2009, 58 in 2008, and 65 in 2007. This means that underage DWI arrests for 2010 are down approximately 29% from 2009.

The 39 underage DWI arrests equate to approximately 5.6% of the total DWI arrests made in Springdale in 2010.

The following chart shows the breakdown by race/gender of those persons under 21 arrested for DWI in Springdale in 2010, both by the number arrested and the total percentage each race/gender group makes up of the total.

Chart No. 18
Race/Gender Comparison of
Underage DWI Arrests in 2010

<u>Race/Gender</u>	<u>Number</u>	<u>Percentage</u>
Hispanic/Male	15	38.5%
White/Male	13	33.5%
White/Female	6	15.5%
Marshall Island Male	2	5%
Black Male	2	5%
Hispanic Female	<u>1</u>	<u>2.5%</u>
Total	39	100%

C. Underage DWI Repeat Offenders

There were 8 repeat offenders in the underage DWI category in 2010, which was the same as 2009. All of the underage repeat offenders were charged with DWI #2.

VI.
Arkansas
DWI/DUI
Law

ARKANSAS DWI LAW

Ark. Code Ann. §5-65-103. Unlawful acts.

(a) It is unlawful and punishable as provided in this act for any person who is intoxicated to operate or be in actual physical control of a motor vehicle.

(b) It is unlawful and punishable as provided in this act for any person to operate or be in actual physical control of a motor vehicle if at that time the alcohol concentration in the person's breath or blood was eight-hundredths (0.08) or more based upon the definition of breath, blood, and urine concentration in §5-65-204.

Ark. Code Ann. §5-65-102. Definitions.

(2) "Intoxicated" means influenced or affected by the ingestion of alcohol, a controlled substance, any intoxicant, or any combination of alcohol, a controlled substance, or an intoxicant, to such a degree that the driver's reactions, motor skills, and judgment are substantially altered and the driver, therefore, constitutes a clear and substantial danger of physical injury or death to himself and other motorists or pedestrians;

ARKANSAS DUI LAW

Ark. Code Ann. §5-65-303. Conduct proscribed.

(a) It is unlawful and punishable as provided in this subchapter for any underage person to operate or be in actual physical control of a motor vehicle while under the influence of an alcoholic beverage or similar intoxicant.

(b) It is unlawful and punishable as provided in this subchapter for any underage person to operate or be in actual physical control of a motor vehicle if at that time there was an alcohol concentration of two-hundredths (0.02) but less than eight-hundredths (0.08) in the underage person's breath or blood as determined by a chemical test of the underage person's blood or breath or other bodily substance.
