

SPRINGDALE FIRE DEPARTMENT

BURN PERMIT

Acceptance of Burning Regulations and Release of Liability

The following shall be adhered to at ALL times:

1. All burning shall be conducted after dawn and extinguished before dusk.
2. No burning shall take place on land without written permission of the landowner or agent.
3. No burning shall be conducted on days when the wind speeds are exceeding 15 miles per hour.
Current weather conditions are available by calling (918) 832-4115 or on-line at <http://forecast.weather.gov/MapClick.php?CityName=Springdale&state=AR>
4. Every day before each burn, determine if any air quality restrictions exist by calling Arkansas Department of Environmental Quality, Technical Services Division, at (501)682-0925 or visit their website at: www.adeq.state.ar.us/techsvs/dailyaqidata_springdale.asp
5. The Fire Chief may prohibit any fires when circumstances may be hazardous.
6. No burning shall be kindled or maintained within 50 feet of any combustible structure.
7. Fire shall be under constant attendance until extinguished.
8. Water supply shall be present for extinguishment of burn area.
9. The materials to be burned shall be in piles no larger than 4 feet in diameter and 3 feet in height.
10. Material being burned shall not, under any condition, cause a dense smoke or odor.
11. Applicant is required to notify the City of Springdale Dispatch Center at the start and completion of permitted burning each day by calling 751-4542.
12. Applicant shall be responsible to keep burning under control at all times. The applicant shall be responsible for fire department suppression costs as well as any property damages sustained by others.
13. The following items shall NOT be burned:
 - Garbage from food preparation
 - Tree trunks & branches larger than 4" in diameter
 - Treated, milled or dimensional lumber
 - Trade waste (commercial, industrial, or construction)
 - Motor vehicles or any material resulting from a salvage operation
 - Asphalt, composition roofing or similar materials
 - Tar, tarpaper, petroleum products, plastics or paints
 - Insulated wire
 - Dead animals or animal waste
 - Hazardous or pathogenic waste

I agree to the terms outlined above and shall not hold the City of Springdale liable for any damage done by any fire started or conducted by me or my designee. I understand this signature will be maintained on file for the calendar year so that additional burn permits may be purchased by contacting the Springdale Fire Department by telephone at 751-4510.
