

# Springdale Fire Department

## Module 6 - Probationary Training and Evaluation Report

F/F \_\_\_\_\_ has been instructed and examined in the skills listed below and examined on the assigned study material. Date Started: \_\_\_\_\_

<u>Skills:</u>	<u>Instructed</u>	<u>Evaluation</u>
	Date	Initials
Demonstrate procedure for engaging fire pump and supplying pre-connect, setting pressure relief valve or pressure governor and switching from tank to hydrant supply with assigned apparatus. Assigned Unit _____	_____	_____
Demonstrate driving and operating Brush 1	_____	_____
Demonstrate gas meter operation including power-on, fresh air calibration and changing to alkaline batteries. Assigned Unit _____	_____	_____
Demonstrate safe operations of hydraulic tools on Rescue 1. Which include starting the PTO and changing of tools	_____	_____
Demonstrate use of air operated rescue tools – chisel, air bags	_____	_____
<u>Study Assignments:</u>		
Q Rae Plus Owner’s Manual (in training Resources)		_____
Memorize routes to 20 streets and 5 target hazards		_____
Tools and Appliance Manual (rescue tools)		_____
“Toxins in Fire Smoke” powerpoint		_____
IFSTA Pumping Apparatus D/O Handbook-2 <sup>nd</sup> ed Chapter 5 & 11		_____ _____

**\*\*Probationer should spend a minimum of 1-2 shifts assigned to a Medic Unit** Dates: \_\_\_\_\_

Evaluating Officer: \_\_\_\_\_

Date: \_\_\_\_\_

Shift Commander: \_\_\_\_\_

## Module 6 Questions

1. Memorize routes to 20 streets and 5 target hazards:

### Tools and Appliance Manual

2. What is the brand of hydraulic fluid used in the Hurst Tools and the Amkus Tools?
3. What is the maximum spreading force of the ML-16S (Maverick Tool) and maximum spreading distance?

4. Before storage, how do you equalize pressure on any hydraulic tool?

5. What are two ways to maximize Hurst Air Bags lifting height?

6. What is the proper method to clean soiled bags before storage?

Essentials of Fire Fighting 6<sup>th</sup> ed.

7. What are questions that should be answered on a motor vehicle accident size-up?

8. What are five hazards that a firefighter must be aware of during vehicle extrication?

9. What are the three primary categories of evidence during a fire investigation?

10. What should firefighters provide to an investigator?

11. What legal issues impact collection of evidence during a fire investigation?

IFSTA Pumping Apparatus D/O Handbook
