PR – 26 CDBG Financial Summary Report

Section 3 Summary Report 2015 Calendar Year

CR-05 - Goals and Outcomes

Progress the jurisdiction has made in carrying out its strategic plan and its action plan. 91.520(a)

This could be an overview that includes major initiatives and highlights that were proposed and executed throughout the program year.

The city's major initiative during the 2015 Program Year was the Housing Services Program. The Housing Rehabilitation Program was the priority. Performing housing rehabilitation on older single family owner-occupied homes not only brings older homes up to current housing standards but, the improvements reduces the homeowners monthly utility usage, therefore reducing the homeowners monthly housing expenses. Entry doors, window units and heating/air conditioning units were replaced with energy-star rated units and other energy conservation work was performed. Other work such as, electrical, plumbing, carpentry was also performed. The improvements made also increase the life of the structure.

Assess how the jurisdiction's use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.

The highest priority was Housing Rehabilitation. A total of 41 owner-occupied single-family dwellings received housing rehabilitation assistance during the Program Year. Thirty-three of the 41 homes were built before 1978 and were tested for the presence of lead-based paint. Only 15 of the 33 tested positive for the presence of lead-based paint.

CR-15 - Resources and Investments 91.520(a)

Identify the resources made available

Source of Funds	Source	Resources Made Available	Amount Expended During Program Year
CDBG		1,653,966	1,200,440

Table 3 – Resources Made Available

Narrative

During the Program Year, the city disbursed \$313,359.63 from the 2014 Program Year Entitlement Grant, \$802,201.32 from the 2015 Program Year Entitlement Grant and \$84,879.42 in Program Income received during the 2015 Program Year. Only \$22,064.45 was disbursed for General Program Administration, \$48,000 for Public Service Activities and \$1,130,375.92 for Housing Services.

Identify the geographic distribution and location of investments

Target Area	Planned Percentage of Allocation	Actual Percentage of Allocation	Narrative Description
Low-income individuals and families			Individuals and families that meet eligibility requirements for CDBG funding in Springdale
Low-income individuals and families	100		Individuals and families that meet eligibility requirements for CDBG funding in Springdale

Table 4 – Identify the geographic distribution and location of investments

Narrative

Community Development Block Grant Program Funds are not allocated or committed geographically within the city. The city does have a designated target area and homeowners in that area have priority on the Housing Rehabilitation Waiting List. 73 homeowners applied for Housing Rehabilitation Assistance, 20 of those applicants were not qualified for the program, 41 homeowners were assisted and 11 homeowners remained on the waiting list.

CR-20 - Affordable Housing 91.520(b)

Evaluation of the jurisdiction's progress in providing affordable housing, including the number and types of families served, the number of extremely low-income, low-income, moderate-income, and middle-income persons served.

	One-Year Goal	Actual
Number of Homeless households to be provided affordable housing units	0	0
Number of Non-Homeless households to be provided affordable housing units	40	41
Number of Special-Needs households to be provided affordable housing units	0	0
Total	40	41

Table 5- Number of Households

	One-Year Goal	Actual
Number of households supported through Rental Assistance	0	0
Number of households supported through The Production of New Units	0	0
Number of households supported through Rehab of Existing Units	40	41
Number of households supported through Acquisition of Existing Units	0	0
Total	40	41

Table 6 - Number of Households Supported

Discuss the difference between goals and outcomes and problems encountered in meeting these goals.

One reason the actual goals exceeded the one year goals is because the city changed its program year. The city's 2015 Program Year began on January 1, 2015 and ended on June 30, 2016. This is an 18 month program year versus the normal 12 month program year. The city's new Community Development Block Grant Program Years will begin on July 1 and end on June 30 the following calendar year.

CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c)

Evaluate the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through:

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The city did not provide the Seven Hills Homeless Shelter with Community Development Block Grant Program funds during the 2015 Program Year. The Program did, provide the Bread of Life funds to help prevent homelessness.

Addressing the emergency shelter and transitional housing needs of homeless persons

No emergency shelter or transitional housing needs of homeless persons were met this program year.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs

The Bread of Life provides some financial aid to individuals and families on the verge of becoming homeless. Improving the older housing stock helps to prevent these homes from becoming dilapidated and prevents the homeowners from having to leave their home. Maintaining the older housing stock is a high priority for the the city.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

There were no direct actions carried out during the 2015 Program Year to assist in the transition to permanent housing.

CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)

Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)

The Planning & Community Development Director looks at ways to remove the negative effects of public policies that serve as barriers to affordable housing.

Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)

One underserved need is the availability of transportation for the handicapped and elderly. The city's Transportation Program continues to provide taxi coupons to qualified elderly and handicapped citizens.

Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)

All homes qualified for the Housing Rehabilitation Program and built before 1978 were tested for the presence of lead-based paint. Thirty-three (33) of the forty-one (41) homes were built before 1978. Fifteen (15) of the thirty-three (33) homes tested positive for the presence of lead-based paint.

Actions taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)

No direct actions were taken to reduce the number of poverty-level families. However, ten (10) poverty-level families were assisted with housing rehabilitation.

Actions taken to develop institutional structure. 91.220(k); 91.320(j)

The city has a great institutional structure but, looks for ways to improve it.

Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)

Public meetings and interaction with social service agencies is a way the city enhances coordination.

Identify actions taken to overcome the effects of any impediments identified in the jurisdictions analysis of impediments to fair housing choice. 91.520(a)

The city and realtors work with lending agencies to remove impediments to fair housing.

CR-45 - CDBG 91.520(c)

Specify the nature of, and reasons for, any changes in the jurisdiction's program objectives and indications of how the jurisdiction would change its programs as a result of its experiences.

The city currently has no plans to change its program objectives. The primary objective is to assist owners/occupants of single family dwellings. Improving the older housing stock is still the city's priority. Most homeowners are on a fixed income and cannot afford to bring their older home up to current housing standards. Work such as installing central heating/air conditioning units, installing energy efficient doors and windows, adding insulation to the attic and other work to reduce the homeowners monthly housing expenses.

Does this Jurisdiction have any open Brownfields Economic Development Initiative (BEDI) grants?

No

[BEDI grantees] Describe accomplishments and program outcomes during the last year.

Consolidated Annual Performance & Evaluation Report (CAPER)

Program Year 2015

January 1, 2015 through June 30, 2016

Additional Detailed CAPER Information

The City of Springdale's Community Development Block Grant Program Years had previously started on January 1 and ended on December 31 annually. On June 17, 2015 the city submitted a notice to the Department of Housing & Urban Development's Little Rock Field Office stating the city would be extending its 2015 Community Development Block Grant Program Year for 6 months. The 6 month extension was necessary in order for the city to change its Program Year to begin on July 1 and end on June 30 the following calendar.

The Community Development Block Grant 2015 Program Year was for 18 months instead of the normal 12 months. Beginning July 1, 2016 and from there forward, the Program Year will convert back to a 12 month time period.

The primary reason for changing the program year was that previously the city did not receive its funding allocation until June or July. The annual Action Plan was previously due November 15th annually, but could not be completed or submitted until the city was notified by the Department of Housing & Urban Development of its funding allocation for the upcoming program year. That notification usually happened in the following March or April.

The annual Action Plan is now due May 15th if, the city has been notified of its upcoming program year Entitlement Grant Amount. If, the city has not been notified of its upcoming program year grant amount, the annual Action Plan is due 30 days after the city receives the notification of its upcoming program year Entitlement Grant amount.

The Consolidated Annual Performance & Evaluation Report was previously required to be completed and submitted by March 30th annually. The Consolidated Annual Performance & Evaluation Report is now required to be completed and submitted to the Department of Housing & Urban Development electronically before September 30th annually.

Entitlement Grant Funds

1. Community Development Block Grant Program Funds awarded to the City of Springdale are not given directly to the City. The funds are placed into the Department of Housing & Urban Development's Integrated Disbursement Information System also known as IDIS to HUD and its users. The Community Development Block Grant Program Director and the City Planning Director drawdown the funds on a monthly basis and only as the funds are needed.

2. The Community Development Block Grant Program had a grand total of \$1,225,222.05 available in federal funds for the 2015 Program Year.
3. January 1, 2015 the City's Community Development Block Grant Program had \$313,359.63 remaining from the 2014 Program Year Entitlement Grant. These funds were carried over and disbursed from the Housing Services Program during the 2015 Program Year.
4. July 14, 2015 the City's Community Development Block Grant Program received its 2015 Program Year Entitlement Grant allocation in the amount of \$826,983. After disbursements throughout the year, \$24,781.68 of the 2015 Entitlement Grant Year funds remained unspent.

Program Income

1. Program Income is defined as federal funds the Community Development Block Grant Program receives during the Program Year from other sources. All Program Income received during the 2015 Program Year was disbursed during the Program Year.
2. Source Gas sent the Community Development Block Grant Program 19 checks totaling \$21,600 or \$600 for each of the 36 different energy conservation projects completed. The rebate checks were for replacing old 80% efficient heating/air conditioning units with 95% energy efficient units in single-family, owner-occupied dwellings qualified for the Housing Rehabilitation Program.
3. Southwest Electric Power Company sent the Community Development Block Grant Program 12 different checks totaling \$21,999.26 for 29 different energy conservation projects. The rebate checks were for replacing old single-pane window units with energy-star-rated units, installing insulation and performing other energy conservation work on single-family, owner-occupied dwellings qualified for the Housing Rehabilitation Program.
4. Seven homeowners repaid the Community Development Block Grant Program a combined total of \$41,280, with 16 homeowners paying for violating their Deferred Loan Agreement, four homeowners selling their homes and three homeowners refinanced their homes and took cash out.

Homeowner Funds

1. Homeowner Funds (HO) are funds received from homeowners who had to pay a portion of maintenance-type work required to be performed on their homes during their housing rehabilitation projects. Homeowners must also pay for any additional work that is not required under the Housing Services Program, but work the homeowner wants to have performed under the Housing Rehabilitation Contract. Homeowners must pay their cost share of the project to the city before a contract is signed.

2. The Community Development Block Grant Program had a grand total of \$33,504.55 available in Homeowner Funds during the 2015 Program Year.
3. January 1, 2015 the Community Development Block Grant Program had \$301.00 remaining from 2014 Homeowner Funds. These funds were carried over and disbursed during the 2015 Program Year.
4. During the 2015 Program Year 40 homeowners contributed a combined total of \$33,203.55 towards their housing rehabilitation projects. All funds except \$6,703 from two homeowners were disbursed during the 2015 Program Year. The \$6,703.00 remaining was carried over and will be disbursed during the 2016 Program Year.

Contribution Funds

1. Contributions funds are private funds received from the recycling of metal recovered from housing rehabilitation projects and metal donated to the Community Development Block Grant Recycle Program by homeowners, contactors and others.
2. The Community Development Block Grant Program had a grand total of \$15,736.88 available in Contribution Funds during the 2015 Program Year.
3. January 1, 2015 the Community Development Block Grant Program had \$6,824.04 remaining in the 2014 Contribution Fund. These funds were carried over and disbursed during the 2015 Program Year.
4. During the 2015 Program Year the Community Development Block Grant Program received \$8,912.84 in Contribution Funds. Of the \$8,912.84 received only \$1,304.62 was disbursed during the 2015 Program Year. The remaining \$7,608.22 was carried over to the 2016 Program Year.

Recycle Program

1. The Housing Services Program recycled 59,845 pounds or 29.9 tons of metal removed from homes during housing rehabilitation projects or removed from properties that were required to be cleaned up. The Housing Services Recycle Program earned \$8,912.84 in Contribution Funds during the 2015 Program Year.
2. The Housing Services Program recycled 1,556 pounds or .78 tons of glass during the 2015 Program Year. The glass was taken from old wood and metal window units and sliding glass doors removed from homes during housing rehabilitation projects.
3. The Housing Services Recycle Program was created in 2008 to reduce the amount of recyclable waste contractors were hauling to the landfill. The Housing Services

Program recycles all metal and glass removed from single-family dwellings during the housing rehabilitation work. Contractors are required to recycle all cardboard, paper boxes and other recyclable material generated during housing rehabilitation projects.

4. Funds the Community Development Block Grant Program receives from recycling are used for a variety of purposes. The Community Development Block Grant Program does not use grant funds to purchase any type of yard maintenance or landscaping tools or equipment.
5. The tools and equipment volunteers and/or homeowners need to trim trees, remove bushes, rake yards, remove brush from fence rows, remove rocks and excess yard waste from the property, etcetera are purchased with Contribution Funds and stored in a city-owned warehouse and are loaned to volunteers and/or homeowners who are qualified for the Housing Services Program.
6. Contribution Funds have been used to pay for the cleanup and the disposal of excess junk and debris required to be removed from properties before a housing rehabilitation project can begin. We have also provided top soil to homeowners to fill in holes.
7. Contribution Funds have been used to purchase three dump trailers, lawn mower, weed eater, chainsaws, leaf and garden rakes, shovels, sledge hammers, tools needed for disassembling items to be recycled, containers for tools and equipment, and other tools and equipment necessary for volunteers to complete projects or for homeowners to clean up and work on their own property.
8. Contribution Funds are used to acquire fence and posts for homeowners with dogs who want a fence in order to let their dogs out without having to be on leash. Volunteers and homeowners have installed the fencing.

9. Contribution Funds have been used to provided refrigerators and stoves to homeowners who did not have working ones.
10. Contribution Funds have also been used to dispose of hazardous waste from properties qualified for the Housing Rehabilitation Program. Funds were used to purchase lumber to put sides on the dump trailers, acquire recycle containers, drinks, snacks and lunch for volunteers.

Housing Rehabilitation Projects

1. The Housing Services Program completed 38 moderate housing rehabilitation projects on single-family, owner-occupied dwellings. Moderate housing rehabilitation projects are those which cost over \$10,000.
2. The program completed three minor rehabilitation projects on single-family owner-occupied dwellings. Minor rehabilitation projects are those which cost less than \$10,000.
3. The Housing Services Program had 33 single-family, owner-occupied dwellings checked for the presence of lead-based paint. Of the 33 houses checked, 15 tested positive for the presence of lead-based paint and required a complete lead-based paint inspection and risk assessment. The 15 homes positive for lead-based paint required contractors certified in lead-based paint safe work practices.

Volunteers

1. The Housing Services Program provided the location of single family owner-occupied homes qualified for the Housing Rehabilitation Program to volunteer coordinators searching for community service projects in Springdale.
2. The Housing Program provided minor housing rehabilitation projects, paint projects and cleanup/landscaping projects to 360 volunteers during the 2015 Program Year.
3. The volunteers donated a total of 1,644 man-hours on single-family owner-occupied dwellings qualified for the Housing Rehabilitation Program.
4. Volunteers installed vinyl siding and soffit on three homes, painted the interior or exterior of four homes, installed a new metal roof on a patio, installed a 6' wood fence and gates, cleaned up properties and removed the overgrown brush from fence rows, removed a concrete block retaining wall, raked yards, trimmed trees and bushes and removed the yard waste from the properties.
5. The homeowners or the Community Development Block Grant Program provided the materials required to complete the projects. The CDBG Program provided the tools required to complete all of the work. Some projects only took a couple of hours, while other projects took several days to complete.

City of Springdale Community Development Block Grant Program Consolidated Annual Performance and Evaluation Report 2015 Program Year Public Notice Citizen's Comments Encouraged

The City of Springdale receives a Community Development Block Grant annually from the Department of Housing & Urban Development's Entitlement Cities Program. The City has prepared a Consolidated Annual Performance and Evaluation Report containing information concerning resources available, activities carried and other general information about the 2015 Program Year. The City encourages "all" of its citizens, especially minorities, non-English speaking persons, persons with disabilities, residents of public and assisted housing developments, extremely-low, very-low, and low-to-moderate-income individuals and families, residents living in slum and blighted areas, residents in predominantly low-to-moderate-income neighborhoods, along with other low-income residents of the City to review and provide comments on the Consolidated Annual Performance & Evaluation Report. Comments may be made in writing, by phone, fax, or by e-mail. The Consolidated Annual Performance and Evaluation Report is posted on the City's website at www.springdalear.gov under the office of Community Development. The Report may also be reviewed at the Planning Office in the City Administration Building 201 Spring St, the Jones Center for Families 922 E. Emma Ave., and the Springdale Senior Center 203 S. Park St., between normal operating hours. The Consolidated Annual Performance and Evaluation Report will be available to the public for comments from **September 4, 2016 - September 21, 2016**. All comments regarding the Consolidated Annual Performance and Evaluation Report will be attached to the final report. The final Report will be submitted to Department of Housing & Urban Development on or about **September 23, 2016**. Citizens wanting to become familiar with all aspects of the Community Development Block Grant Program may visit the City's website. Comments about the Consolidated Annual Performance and Evaluation Report or questions about the Program in general may be sent to: City of Springdale, Planning Office, 201 Spring St. Springdale, AR 72764 or e-mail: dhancock@springdalear.gov Phone 750-8550, Fax 750-8539.
