Policy & Procedures Manual

Volume 1 – Administration

Section 104 – Apparatus and Vehicles

104.1 – Modes of Response

SFD vehicles shall respond to calls in one of two response modes identified as:

- Code 1
- Code 3

Code 1 response is an immediate response, without the use of red lights or siren. The vehicle will be operated according to all traffic laws.

Code 3 response is an immediate response and shall be considered an "Emergency Response" with the use of red lights and siren. The vehicle will be operated using due caution and according to applicable traffic laws regarding emergency vehicle response.

SFD has no Code 2 response, which means that SFD units shall not respond running red lights without also using the siren.
