

Springdale Fire Department

Policy & Procedures Manual

Volume 1 – Administration

Section 104.2 – Wheel Chocks

Driver-Operators of SFD apparatus not equipped with a transmission “Park” mechanism shall place wheel chocks whenever the apparatus is parked off fire department property. Wheel chocks shall be set when the apparatus is operating in “Pump” (except for apparatus designed to “Pump and Roll”).

Driver-Operators shall exercise good judgment and set wheel chocks on apparatus anytime the potential for “Roll-Off” exists.

Driver-Operators of SFD apparatus equipped with orange safety cones shall place an orange cone behind the vehicle when parked in a non-emergency setting. Cones shall be placed near the corner of the apparatus on the traffic side.
