

Springdale Fire Department  
Policy & Procedures Manual  
Volume 2 – Operations  
Section 203 – Fire Operations  
203.8 – Pump Discharge Pressures

All SFD Personnel operating fire pumps on department apparatus shall utilize the pre-determined discharge pressures indicated on the department form, OPD – Pump Discharge Pressure Chart. All SFD apparatus shall be equipped with this chart for reference. The chart should be located in an area that is easily accessible and consistent among all the various types of apparatus. Deviation from the pre-determined discharge pressures should only occur if directed by the Incident Commander or a Chief Officer.
