

SPRINGDALE FIRE DEPARTMENT

Stat 1 Daily Check Explanations

EXTERIOR	
Audible Warning Devices	physical damage
Back-Up Alarm/Lights	proper operation, physical damage on lights, lenses clean
Doors/Windows	physical damage, windows clean
Emergency Lights	operational, physical damage, lenses clean
Headlights	operational, high/low beams, physical damage, adjusted properly, lenses clean
Hose Loads	properly loaded, nozzle controls operate properly, nozzle settings correct, physical damage
Marker/Tail/Brake/Scene Lights	operational (including turn signals & flashers), physical damage, lenses clean
Mirrors	physical damage, proper adjustment, lenses clean
Pump	pump motor oil level within proper limits on dipstick, fuel tank at 1/2 full minimum, pump motor starts and runs properly
Pump Panel	physical damage, controls in proper position, proper operation of lights/gauges
Tires/Wheels	proper inflation, tread depth, uneven wear, physical damage
Undercarriage/Suspension	visually inspect for fluid leaks, physical damage
Vehicle Body	leaning to one side, visible rust, physical damage to body/paint/decals/gold leaf
Water Tank Level	visually check fill level to assure tank is full and that gauge reading matches actual level
Winch	properly secured, physical damage, controls present (in cab), operational
Windshield Wipers	wipers securely attached and properly tensioned against window, physical damage, condition of rubber
ENGINE COMPARTMENT	
Batteries	physical damage, cells full/eye green, cable connectors secure, corrosion
Brake Fluid	within proper limits in reservoir
Coolant	within proper limits in reservoir/radiator full
Cooling Fan	physical damage, loose fasteners/bearings
Drive Belts	physical damage, proper tension
Engine Oil	within proper limits on dipstick
Hoses	physical damage/condition, leaks
Overview	physical damages, fluid leaks, visibly loose fasteners/components
Power Steering Fluid	within proper limits on dipstick
Transmission Fluid	within proper limits on dipstick
Windshield Washer Fluid	reservoir full
CAB INTERIOR	
Brakes	hold vehicle in place with engine idling and transmission in drive (remain in cab)
Doors/Windows	open/close properly, latches, cranks & locks operate properly, physical damage
FDC Wrench	present and undamaged
Flashlights/Chargers	proper operation, physical damage
Fuel Card	present and undamaged
Fuel Level	gauge shows above 1/2 tank at minimum
Gauges	operational, readings within normal ranges, dash lights operational
Heat/Defrost/AC	operational
Interior Lights	physical damage, operational
Inventory	map books, other normally carried equipment present
Overview of Cab Interior	physical damage, audible air leaks, cleanliness, missing equipment
Parking Brake	holds vehicle in place with engine idling and transmission in drive (remain in cab during this check)
Pump	fire pump motor starts and runs using interior controls, pump/spray bar controls in proper position
Radios	radios present, operational, set to proper channel, battery charged, spare batteries present/charged & undamaged
Seats/Seatbelts	physical damage, adjusted properly, operating properly
Sirens/Horns	operational
Steering Wheel	physical damage, securely mounted, excessive free play
COMPARTMENTS	
Compartment Lights	operational, physical damage
Fire Extinguishers	fully charged, physical damage, pin is in place & secured
Flashlights/Chargers	operational, physical damage
Inventory of Compartments	all normally carried equipment/tools present and properly stowed, physical damage

Discrepancies and/or missing items should be rectified as soon as possible. When indicated, the appropriate Firehouse entry shall be completed regarding the discrepancy/missing item.
