ARTICLE IV

HOMEOWNERS ASSOCIATION AND COVENANT AND PLAN FOR MAINTENANCE AND OTHER ASSESSMENTS

4.1. Homeowners Association: Cadence Crossing Homeowners Association (referred to herein as "Association") has been or will be formed as an unincorporated association. All Lot Owners must be members of the Association and each shall automatically become a member of the Association upon the conveyance of a lot to him or her. The Association shall be governed by By-Laws accepted and approved by the Association.

All association memberships will pass with Lot ownership in the Subdivision. All Lots will carry one (1) vote in the Association, except that the Developer shall have four (4) votes per Lot which Developer owns.

4.2. Creation of Lien: Each Owner of any Lot of the Subdivision, by acceptance of a deed therefore, whether or not it shall be so expressed in any such deed, contract of purchase, or other conveyance, shall be deemed to covenant and agree to pay to the Association: (1) Annual assessments or charges; (2) special assessments for capital improvements and other purposes, such assessments to be fixed, established and corrected from time to time as hereinafter provided. The annual and special assessments, together with such interest thereon and costs of collection thereof as hereinafter provided, shall be a charge on the land and shall be a continuing lien upon the property against which each such assessment is made. In no event shall an annual or special assessment be applicable at any time to any lot owned by the Developer and the Developer shall not be obligated to pay any annual or special assessment.

4.3. Purpose of Assessments: The assessments levied pursuant hereto by the Association shall be used for the purposes of acquisition, improvement and maintenance of the Common Properties, services and facilities devoted to this purpose and related to the use and enjoyment of the common properties, insurance thereon, and repair, replacement, and
modifications thereto, and for the cost of labor, equipment, materials, management and supervision thereof. In addition, assessments may also be used for expenses related to the necessary and reasonable operation of the Association, including, but not limited to, collection of assessments and related costs and enforcement of the covenants and restrictions of the Subdivision.

4.4. **Basis and Maximum of Annual Assessments:** The annual assessment for each lot shall be $50.00. An Owner's first such assessment shall be prorated and paid to the Association at closing according to time of conveyance of a Lot to the Owner. The annual assessment may be increased, as hereinafter provided, by a majority vote of the votes entitled to be cast by the members of the Association for the next succeeding "assessment year" (beginning January 1) and at the end of each such period of one year for each succeeding period of one year. At no time shall the annual assessment per lot be increased more than twenty-five percent (25%) above the prior year's annual assessment. Said annual assessment shall be payable in advance on the 1st day of January each year. The Board of Directors may, after consideration of current maintenance costs and future needs of the Association, fix the actual assessment for any year at a lesser amount.

4.5. **Special Assessments for Capital Improvements:** In addition to the annual assessments authorized hereinabove, the Association may levy in any assessment year a special assessment, applicable to that year only, for the purpose of defraying, in whole or in part, the cost of any construction or reconstruction, unexpected repair or replacement of a described capital improvement upon the common properties, including the necessary fixtures and personal property related thereto, provided that any such assessment shall have the assent of 2/3 of the votes entitled to be cast by members of the Association who are voting in person or by proxy at a meeting duly called for this purpose, written notice of which shall be mailed to all members at the last known address of each member at least fifteen (15) days in advance and shall set forth the purpose of the meeting.

4.6. **Change in Basis of Maximum of Annual Assessments:** Subject to the limitations of other sections of this Article, and for the purposes therein specified, the Association may change the maximum and basis of the assessments fixed by this Article prospectively for any such period, provided that any such change shall have the assent of 2/3 of the votes entitled to be cast by members who are voting in person or by proxy, at a meeting duly called for this purpose, where a quorum is present, written notice of which shall be mailed to all members at the last known mailing address of each voting member at least fifteen (15) days in advance and shall set forth the purpose of the meeting.

4.7. **Quorum for any Action Authorized Under This Article:** The quorum of any action authorized by this Article, the presence at the meeting of members, or of proxies, entitled to cast fifty percent (50%) of all votes of the membership shall constitute a quorum. If the required quorum is not forthcoming at any meeting, another meeting may be called, subject to the notice requirement set forth in this Article.

4.8. **Late Payment of Assessments:** As hereinabove provided, each annual assessment shall be due and payable on the 1st day of January of each year. In the event of default as to any payment (annual or special), and if the default is not remedied within ninety (90) days, the Association shall have the option of taking such action as permitted by law or
equity and by this Declaration and the By-laws of the Association. An additional late charge of ten percent (10%) shall be assessed on any payment which is more than ninety (90) days delinquent. Costs of collection of the assessment, including reasonable attorney's fees therefor, shall also be assessed.

The due date of any special assessment under this Article shall be fixed in the resolution of the members of the Association authorizing such assessments, with the same option on the part of the Association in the event of default.

4.9. **Duties of the Board of Directors:** In addition to the other duties of the Board of Directors as may be set forth herein or in the By-laws of the Association, the said Board of Directors shall fix the date of any special assessment against each lot for any special assessment period at least thirty (30) days in advance of such special assessment, written notice of the special assessment shall thereupon be sent to every member subject thereto at the last known mailing address of such member.

The Secretary of the Association, upon demand at any reasonable time, shall furnish to any member liable for said assessment a certificate in writing signed by an officer of the Association, setting forth whether said assessments have been paid. Such certificate shall be conclusive evidence of payment of any assessment therein stated to have been paid.

4.10. **Effect of Non-Payment of Assessment and the Lien Remedies of the Association:** If the assessments (annual or special) are not paid on the date when due, then such assessment shall be come delinquent as provided in this Article and shall, together with such interest, late charges thereon and costs of collection thereof as herein provided, thereupon become a continuing lien on the lot which shall bind such lot in the hands of the then owner, its successors, heirs, devisees, personal representatives and assigns. If the assessment is not paid as provided herein, it shall bear interest from date of delinquency at the maximum rate of interest allowed by law, not to exceed ten percent (10%) per annum, and the Association may foreclose the lien against said lot, and there shall be added to the amount of such assessment the cost of attorney fees in connection with any court proceedings arising therefrom, together with all court costs, late charges and expenses incurred by the Association.

4.11. **Subordination of the Lien or Mortgages:** The lien of the assessments provided for herein shall be subordinate to the lien of any first mortgage or first deed of trust now or hereafter placed upon the lots subject to assessment; provided however, that such subordination shall apply only to the assessments which have become due and payable prior to a sale or transfer of such lot pursuant to a Decree of Foreclosure, or any other proceeding in lieu of foreclosure. Such sale or transfer shall not relieve such lot from liability for any assessments thereafter becoming due, nor from the lien of any such subsequent assessment.

4.12. **Suspension of Rights of Membership:** Prior to the foreclosure of any lien upon any lot subject to this Declaration, the Board of Directors of the Association may elect to suspend all membership rights of any member or members of the Association who are delinquent in any payment due to the Association for more than thirty (30) days, with such suspension to continue for so long as any such delinquency exists. Further, the Board of Directors may suspend membership rights for a period not to exceed thirty (30) days for the infraction of any rules or regulations by the member, family of the member or guest of the member, relating to the use of
any of the common properties. Suspension of membership rights shall be effective from the date
that notice of suspension is mailed to the member via U.S. Certified mail, return receipt
requested, postage prepaid, to the last known address of the said member.

4.13. Cancellation and Hearing: The said Board of Directors may elect to
permanently cancel the membership and all membership rights of any member who is delinquent
in any payment due to the Association for more than ninety (90) days or when such member,
family of the member, or guest of the member are guilty of repeated or flagrant violation(s) after
a hearing conducted by said Board of Directors, which notice of such hearing mailed to such
member at least thirty (30) days in advance of said hearing date, and further provided that such
member may appeal any such decision of said Board of Directors to the membership of the
Association by such affected member calling a special meeting of the membership of the
Association by notice mailed to each member at least ten (10) days in advance of the desired
special meeting date, and said notice setting forth the time, date, place and purpose of said
meeting. A majority vote of the votes entitled to be cast by the members of the Association
attending such special meeting shall be necessary to override the decision of the Board of
Directors, and all votes shall be by secret ballot. Notice shall be mailed by the member via U.S.
Certified mail, postage prepaid, return receipt requested.

4.14 Detention Ponds: The Association shall have the responsibility of
maintaining any Detention Ponds situated on the Common Properties and shall use
assessments as provided in this Article IV for such purpose.

ARTICLE V

51. Members' Easement for Enjoyment: Subject to the provision of this article and
related provisions set forth elsewhere herein, every member shall have a right of enjoyment in

appurtenant to and shall pass with the conveyance of title to every lot.

7. Project Name: Cadence Crossing Planned Unit Development

8. Site Plan: Drawings are attached illustrating the subdivision layout, typical setbacks, connectivity, green space, and landscaping.

1. Development Strategy – Intent is to develop a 5.0 acre site as a PUD with twenty-six single-family residential lots. The entire subdivision will be residential with no commercial uses proposed or allowed. Developer intends to build and sell or lease homes on all lots. However, developer reserves the right to sell lots as market conditions warrant.

All homes will face either the central primary street or toward Gibbs Road and all will include rear load garages with driveway access from the alleyways which run along the rear of the lots.
Typical lot size is 36' wide by 100'-110' feet long.

2. Permitted Uses: The entire development will be strictly residential in nature. No commercial or industrial uses are proposed or allowed for this development. Specific Use Units allowed in Cadence Crossing PUD are:

   Use Unit 1 – Citywide Public Uses by Right
   Use Unit 4 – Cultural, Recreational, and Health Facilities
   Use Unit 8 – Single Family Dwellings
   Use Unit 9 – Zero Lot Line
   Use Unit 34 – Model Home/Temporary Marketing Office

3. Site Development Requirements

   A) Density, Bulk, Area and Yard Regulations

   Density – 26 Single Family Lots / 4.95 Acres = 5.3 Units / Acre

   Green Space (15% Minimum by City Code)
   1.03 Acres Provided / 4.95 Acres = 20.8% Provided

   Lot size - Single Family Residential: 37’ Wide x 100'-110' Deep Typical

   B) Building Setbacks

   Front Setback: 12.5 Feet
   Side Setback: 10 Feet on One Side and 0 Feet on Other Side
   Rear: 15 Feet
Applicant proposes a Planned Unit Development (PUD) with 26 single family residential lots on 5.0 acres in northwest Springdale. The subject property is 7655 West Gibbs Road, Washington County Parcel 815-33683-120, which is situated along the west side of West Gibbs Road and approximately 600 feet north of Har-Ber Avenue.

This property is designated for Medium Density Residential use on the City’s Comprehensive Land Use Plan.

The intent of the development is to provide twenty-six rear load, single family homes along a central, primary street. The development includes a large open green space area at the south end with parking, a play structure, and picnic benches.

The project is being proposed as a Planned Unit Development to provide a style of housing not widely available in the area. The lots and houses in this development will be similar to those found along the west end of Har-Ber Meadows PUD between Jones Road and JTL Parkway. These houses feature an attractive streetscape due to the reduced front building setback and absence of front load garages, with utility pedestals, trash collection, and driveways out of sight behind the homes. Developer is seeking to create a similar aesthetic in the proposed development. The proposed PUD will include houses with a single side yard and with rear load garages accessing rear alleyways in a similar configuration to the Har-Ber Meadows houses. The spacing of houses, reduced front yards, and absence of driveways along the primary street will create an inviting space with a strong sense of community. It is difficult to achieve this concept within the City’s standard zoning districts.

It is not anticipated the development will strain public services or infrastructure in the area. This area includes multiple schools, shopping, eating, health care, and other services a short distance from the proposed development. Fire Station 7 is located less than half a mile from the subject property. Har-Ber Avenue, Jones Road, Highway 112, and Highway 412 are all major vehicular corridors near the development. An existing 8” gravity sewer main is located at the southeast corner of the development, and an existing 6” water main runs along the east side of Gibbs Road. Due to the relatively small number of new homes proposed, the abundance of services available in the area, and level of infrastructure present, the proposed development is not anticipated to strain City services or adversely impact surrounding properties.

Proposed building setbacks within the PUD are not typical of standard residential zoning districts in the City. The proposed setbacks will allow the single family homes to be built on the lots as shown in the Preliminary Plat with a single side yard on one side and reduced front yards to emulate the look and feel of the Har-Ber Meadows homes discussed above.

The front building setback is proposed to be twelve and a half feet, which is significantly less than the typical Springdale residential setback of thirty feet. However, since the homes all feature rear load garages, one of the primary reasons for needing a large front setback (sufficient driveway length to avoid vehicles in driveways blocking sidewalks/streets) is removed.
in this development. The proposed setbacks will still allow for a substantial front yard and landscaping for these units and provide space for water and sewer infrastructure.

Each lot will have a zero foot side setback along one side and a ten foot side setback along the other. The plat will indicate which side of each lot is subject to the ten foot wide side setback. This will allow for homes to be built on the proposed lots with a zero lot line configuration on one side and provide at least a ten foot wide yard on the other side, which is an important element of the overall concept for this development.

Rear setbacks are proposed to be fifteen feet, which is identical to the rear setback for lots 24 through 35 in Har-Ber Meadows, Phase XVIII.

Each home is required to have a rear load garage with capacity for at least two vehicles. Front loading garages or direct driveway access to West Gibbs Road or the central street are prohibited. The covenants will provide requirements regarding any accessory structures to be placed on the lots.

Primary use of the development is single family homes, with no commercial or industrial use units allowed in the development. The following specific use units will be allowed in the development:

- Use Unit 1 – Citywide Public Uses by Right
- Use Unit 4 – Cultural, Recreational, and Health Facilities
- Use Unit 8 – Single Family Dwellings
- Use Unit 9 – Zero Lot Line
- Use Unit 34 – Model Home/Temporary Marketing Office

Covenants shall specify exterior building material requirements, all of which will be required to be high quality materials. Primary building materials will include brick, stone, manufactured stone, wood, and concrete siding (such as Hardy brand). Vinyl shall be allowed for soffit or fascia.

Developer intends to build then sell or lease homes on all lots. However, depending on market demand, developer reserves the right to sell lots. Plans and elevations of sample single family homes, which are similar in appearance/materials to the types of homes developer will build in this subdivision are enclosed with this development plan. To facilitate marketing and selling homes, developer may operate a temporary sales office and up to two model homes at a time in the development.

Covenants shall include various provisions to ensure the pleasing appearance of the neighborhood is maintained and which are typical of many developments. These shall include, but not be limited to, requirements related to fences, yard maintenance, and storing trash cans out of sight from the road.

The residents of the PUD will have access to several amenities. The development will have sidewalks along the central street and along Gibbs Road. 20.8% of the property will be reserved
as a large open POA lot with parking, a tot-lot with play structure, and picnic benches. An access easement between lots mid-block will allow pedestrians to access the POA lot from the central street without having to walk to the end of the development.

Home builder will be responsible for installation of one tree per lot during house construction. Installation of the tree is a requirement prior to issuance of Certificate of Occupancy, and the homeowner shall be responsible for the tree’s maintenance. Developer will install trees and landscaping in common areas as shown on landscape plans. Builder and developer shall provide a standard one year warranty for each tree they install. All trees installed by developer and/or home builder shall be one of the following species:

- Alle Elm (Ulmus americana)
- Northern Red Oak (Quercus rubra)
- Shumard Oak (Quercus shumardii)
- Sugar Maples (Acer saccharum)
- Chinese Pistache (Pistachia chinensis)

There are three types of street sections proposed to be constructed in the subdivision.

A) East Section of Street A: The portion of Street A between Gibbs Road and the first intersection with the alleyways has no lots fronting it and includes a landscaped median with curb and gutter through the middle of the street. This portion of the street will have a 60’ wide right-of-way and measure 50’ from back of curb to back of curb. Sidewalk will be installed along both sides of the street. No parking is allowed on this portion of the street.

B) West Section of Street A: The portion of Street A between the two intersections with alleyways has lots fronting the street and does not include a median. This portion of the street will have a 53’ wide right-of-way with 5’ sidewalks and 7’ parking lanes along each side of the street.

C) Alley A and Alley B: The proposed alleys will be 15’ wide and have a 20’ wide right-of-way. No curb and gutter or sidewalks are proposed for the alleys and parking on the alleyways is prohibited.

In addition to the interior streets, the project will also include improving the west side of West Gibbs Road to master street plan requirements. This will include dedicating right-of-way, widening the street, adding curb and gutter, installing sidewalk, and installing drainage improvements where necessary.

Project includes a single street connection to West Gibbs Road.

Signage for the subdivision will consist of a single monument sign in the median of the central street near the intersection with Gibbs Road. The exterior of the sign will be constructed with primarily stone, brick, and/or metal. The developer will install landscaping around the sign in accordance with the landscape plan.

Cadence Crossing PUD Development Plan
Page 7

Developer intends to begin construction as quickly as possible once the PUD and construction plans are approved. It is anticipated that construction of subdivision infrastructure will be complete within eighteen months of City Council approval of the PUD.

The adjacent properties to the west, north, and east are in the A-1 zoning district. The adjacent property to the south is SF-2, and the adjacent property diagonally to the southeast is SF-1.

The proposed development is compatible with existing and future land uses in this area. The development consists of single family residential lots, which is the dominant land use in this area. There are several existing residential developments in the vicinity, most of which are in the SF-2 district. It is compatible with the nearby institutional uses, which include Hellstern Middle School and Har-Ber High School. Other nearby properties that have not been developed and remain in the A-1 district appear to be primarily single family as well.

APPEAL BY MARIA PEREZ OF INGLESIA DE DIOS PENTECOSTAL M.I. ON DENIAL BY THE PLANNING COMMISSION FOR A CONDITIONAL USE REQUEST FOR A CHURCH TO BE LOCATED AT 1880 S. PLEASANT STREET

At their June 22, 2021 meeting, City Council heard an appeal by Maria Perez on Planning Commission's denial of a conditional use request at their June 1st meeting by Inglesia De Dios Pentecostal M.I. for a church to be located at 1880 S. Pleasant Street.

The application was denied by Planning Commission due to the parking spaces on the property being in conflict with other businesses at that location using them during the times set for services.

The appeal was tabled to allow the applicant to work with city staff and the owner of the building on changes that might work for the proposed church.

Ms. Perez told the council that the owner of the building cancelled the contract with the church because they could only give a one year contract. She said she has worked hard on this location and has lost money. The parking is stopping her from accomplishing her mission.

Patsy Christie said she did talk to the new owner of the building, who is different than the owner Ms. Perez originally signed the contract with, and he does not feel like he can move forward with the contract because he has some empty spaces and cannot commit to the parking she needs.

No action was taken by City Council. The Planning Commission's decision to deny stands.
