CURB CUT REQUIREMENTS

CURB CUTS

A driveway can be no more than 40 feet in width, if there are two or more, no less than 150 feet apart. Driveway distance from the intersection is to be no less than: 40 feet for a local street, 60 feet for a minor collector, 80 feet for a major collector and 120 feet for arterial and boulevard streets.

Let the City of Springdale know at the time of payment when the cut will be ready. If you need to change this requested time, please do so an hour in advance by calling 479-750-8135.

SIDEWALKS

Sidewalks are the responsibility of the home owner to fix or replace any damaged sidewalk caused by the work being done.

I have received a copy of the Curb Cut requirements from the Public Works Department. I have read them completely, understand the requirements, the associated fees and agree to them.
